MRZ **OCR-A & OCR-B** **BARCODE**

4Cheque is the software rEvolution in check scanning with over **100.000 installations worldwide**, now available **not only for Banks but also for Companies**.

Is the most common and widespread solution for decoding:

- Checks with MICR, CMC7 and E13B fonts
- Payment slips with OCR-A or OCR-B codelines
- MRZ (Machine Readable Zone)
- A4 documents and multi-page contracts with linear/bidimensional barcodes

Because of its extraordinary success, **Emmedi** is today the **market leader in check management software**.
One device, superior decoding performance:

<p>MOST ACCURACY & RELIABILITY</p> <p>Performance and reliability measured on field are higher than traditional check scanners with magnetic head</p>	<p>MOST COST-EFFECTIVE</p> <p>Up to 80% reduction in investment costs and 50% reduction in maintenance costs</p>	<p>MOST COMPLETE SOLUTION</p> <p>Ability to treat any other document in the branch, checks and ID documents included</p>	<p>MOST WIDELY ADOPTED</p> <p>Used not only at front desk but in every desk of every Bank branch</p>
